

## James T. Willerson MD Cardiovascular Seminars

The James T. Willerson MD Cardiovascular Seminar (JTWCVS) series is a multi-institutional program organized by the Texas Heart Institute, MD Anderson Cancer Center, and The University of Texas Health Science Center at Houston. The seminar is held most **Thursdays during the academic year (September through May) from 4:00 p.m. to 5:00 p.m. at the Texas Heart Institute in the Denton A. Cooley Auditorium.** This seminar series not only provides a unified forum for the cardiovascular research community at the Texas Medical Center to meet, but also connects us to outstanding scientists nationally and internationally. There is no cost to attend and the seminar is open to the public with a special focus toward post-doctoral fellows, scientists, researchers and physicians. For additional information please contact: Verna Sweed, Seminar Coordinator, Basic Research Labs, 832-355-9144, Office 713-829-5623, Mobile, [vsweed@texasheart.org](mailto:vsweed@texasheart.org)

### October, 2014 SCHEDULE OF EVENTS

#### October 02, 2014
