

# CARDIOLOGY GRAND ROUNDS

## Advances in the Treatment of Patients with Secondary Mitral Regurgitation & Heart Failure

**Gregg W. Stone, MD**

*Cardiovascular Research Foundation – New York, NY*

**December 14, 2018, 12:00 p.m.**

**Denton A. Cooley Auditorium**  
*Room C060*

Dr. Gregg Stone will review the rationale & treatment alternatives for patients with secondary mitral regurgitation due to heart failure.

At the conclusion of this conference, participants should be able to:

- Describe the association between secondary MR and prognosis in heart failure.
- Report the current guidelines for treatment of patients with secondary MR and heart failure.
- Describe emerging data regarding transcatheter treatments for secondary MR.

Texas Heart Institute is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Texas Heart Institute designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Dr. Stone receives consulting fees & equity options from Neovasc, Valfix, Gore and Ancora. His institution receives royalties from Abbott.
