GRADE 1 TEACHER RESOURCE: ANSWER KEYS

1–C  Where is Your Heart? (worksheet)
1–F  Connect the Dots (worksheet)
1–G  Word Search (worksheet)
1–H  Word Scramble (worksheet)
Do you know where your heart is located?

In the picture, draw the heart and lungs in their proper location. On the blank lines, write what the heart and lungs do.

**CHALLENGE:** Draw the arteries. (Here’s a hint: arteries carry blood to the rest of the body.)

---

**ANATOMY ANSWER KEY**

**Where are Your Heart and Lungs?**

Heart:

The heart pushes or pumps blood through the body.

Lungs:

The lungs breathe in needed air and breathe out used air.
