

## **GRADE 2 TEACHER RESOURCE: ANSWER KEYS**

2-C Anatomy: Where Is Your...? (worksheet)

2-H Anatomy: The Inside of Your Heart (Assessment)  
(worksheet)

# Project Heart

Activities for the Classroom

In the picture, draw the brain, heart, lungs, and stomach in their proper place. On the blank lines, write what these organs do.

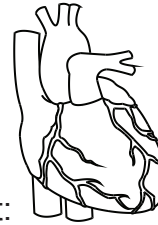

## ANATOMY ANSWER KEY

### WHERE IS YOUR ...?

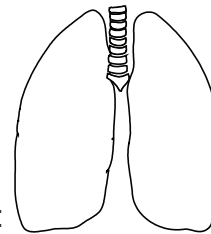

Brain:

The brain is the control center for  
our bodies.

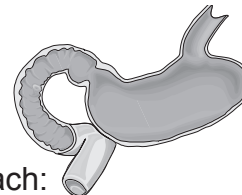

Heart:

The heart pumps blood through the  
body.

Lungs:

The lungs exchange gases in the body,  
taking in O<sub>2</sub> and releasing CO<sub>2</sub>.

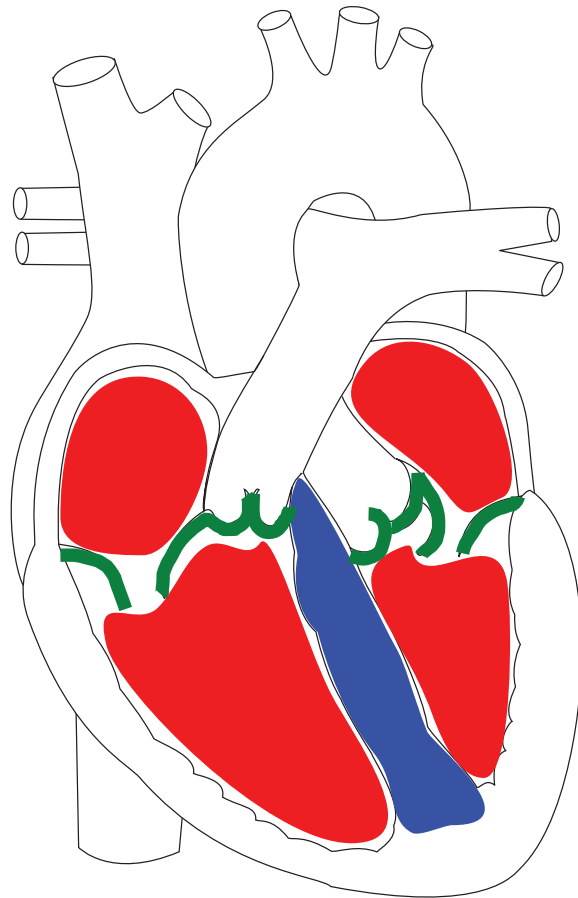

Stomach:

The stomach digests our food to give  
our body nutrients and energy.

# ANATOMY ANSWER KEY

## THE INSIDE OF YOUR HEART: ASSESSMENT

1. Chambers are like rooms. Your heart has four (4) chambers. (Color the chambers red.)
2. A wall of muscle called the septum separates the two (2) sides of the heart. (Color the septum blue.)
3. Valves are like doors that open and close. Your heart has four (4) valves. (Color the valves green.)
