

WAYS TO GIVE

The Texas Heart Institute (THI) accepts gifts of cash, securities, retirement plan assets, gifts-in-kind and deferred gifts through life insurance, estate plans and trusts. The most common gifts are received through cash or securities.

Gifts of Cash

Gifts of Cash can be received by check, credit card, or wire. Written documentation is required for all restricted gifts. Documentation can be handwritten on the memo line of a check or expressed in a letter or email. Gifts of \$25,000 or greater can be pledged over multiple years (2-5 years depending on amount), but require approval of the Vice President of Development. A gift agreement is necessary for any multi-year pledges or gifts being formally recognized through a naming opportunity (donor wall, named research, etc).

Mail checks to the THI Lockbox at Frost National Bank (this is the safest and fastest method):
